

# Babken Vardanyan

## Python Developer

ADDRESS: Dro 16, Yerevan, Armenia  
EMAIL: [babkenvardanyan94@gmail.com](mailto:babkenvardanyan94@gmail.com)  
PHONE: (+374)98399434  
LINKEDIN: [linkedin.com/in/babkenvardanyan](https://www.linkedin.com/in/babkenvardanyan)  
GITHUB: [github.com/axper](https://github.com/axper)  
STACKOVERFLOW: [stackoverflow.com/users/2529583](https://stackoverflow.com/users/2529583)

## PROFILE

---

Python and Django developer with strong focus on delivery, stability and maintainability. Proven track record of getting things done on time. Effective and regular communication. Knowledge of multiple programming languages and frameworks. Knowledge of server, database administration and information security. I love to teach newcomers. I adapt to new technologies quickly. I love to tackle difficult technical problems. I write docs and always test the code before pushing.

## MAIN SKILLS

---

- PYTHON: Django, REST Framework
- JAVA: Android, Spring Framework, Hibernate, Junit, Mockito, Jersey
- LINUX: Bash, SystemD, Ansible, NginX, SSH, Docker, Kubernetes, VMWare
- DATABASE: SQL, Elasticsearch, MongoDB, SQLite
